

How can our school achieve the Food for Life Foundation Award?

What is your school's catering situation?

In-house

You will need to achieve a minimum of 6 of the 13 Food Quality criteria, one of which **must** be B1.0.

Of the remaining 14 criteria you choose to complete, there **must** be at least one from each of the remaining 3 pillars of the Award: Food Leadership and Food Culture; Food Education; and Community and Partnerships.

External caterers

Does the caterer have a Served Here Licence?

Yes

Great! When you log into the portal you will find that Food Quality criteria B1.0-B1.12 will be marked as 'completed'. This means the caterer is achieving these criteria on your behalf and your school already meets these 13 criteria of the 20 needed for the Foundation Award.

Of the remaining 7 criteria you choose to complete, there **must** be at least one from each of the remaining 3 pillars of the Award: Food Leadership and Food Culture; Food Education; and Community and Partnerships.

No

You will need to achieve a minimum of 6 of the 13 Food Quality criteria, one of which **must** be B1.0.

Of the remaining 14 criteria you choose to complete, there **must** be at least one from each of the remaining 3 pillars of the Award: Food Leadership and Food Culture; Food Education; and Community and Partnerships.

And you've done it! Congratulations on completing your Food for Life Foundation Award!
