

Food for Life Served Here Fees for Caterers in Schools

These fees also apply to sixth form colleges

Your fee is made up of the following two elements and is payable on application, and then annually:

Inspection and Administration fee

An inspection, report and verification: **£825 plus**

Membership fee

Number of sites	Membership fee per education site
1-10	£40
11-25	£35
26-50	£30
51+	£25

All fees are subject to VAT.

To support organisations in the public sector we have **capped** the annual fee at **£1,135 + VAT** for public sector **in-house caterers**. This does not apply to commercial caterers.

For example: if you have a catering contract for 14 schools, your annual fee would be: £825 (inspection and admin fee) + (10 x £40) + (4 x £35) (membership fee) = **£1,365+VAT**. If you are a local authority caterer your fee would be capped at £1,135 + VAT.

School Caterers Providing Meals to Other Sectors

If you are a commercial or local authority caterer providing meals to multiple sectors (for example health and care settings) from the same site/kitchen, then we can offer a 25% discount on each additional £825 inspection fee applicable for other sectors.

Covered by Your Fee:

- Independent endorsement from Soil Association that your meals meet Food for Life Served Here standards
- Your organisation's membership of the UK's fastest growing best practice scheme for caterers
- Use of the Food for Life Served Here logo and all relevant Soil Association marketing materials and messaging
